### **Preliminary Damage Assessment Data Collected for Richland County**

Richland County Emergency Management announced that after approximately 200 damage assessments were submitted, reports include over \$1.5 million in residential and business damage. This data includes damage reported from the Township of Buena Vista, including Lone Rock, which currently totals over \$750,000. The Viola area has reported damages totaling over \$600,000 at this time. Other areas of Richland County were affected by this storm and we continue to collect data from those areas. Public infrastructure including wastewater, utilities, and roads are still being assessed. Residents should call in or submit their approximate damage assessments as soon as possible. Residents are being advised to take pictures of the damage to their property.

For up to date information, visit the Richland County website at [co.richland.wi.us](http://co.richland.wi.us).
