## What is Center FOCUS?

- Center FOCUS is the name given to a quarterly meeting which involves the collaboration of four committees/councils (KIDS Council, CCS Coordination Committee, TEAM Coordination Committee, and RC Children and Families Advocacy Council).
- This group also includes representatives from other agencies and programs working with children and families in our community. Parents and caregivers are also strongly encouraged to join us. Input from multiple perspectives helps us better identify needs in our community and to develop programs that may meet those needs.
- The intent of Center FOCUS is to coordinate, **not duplicate**, community programs and services. We may better serve our target groups if we work together and combine our expertise and resources.
- Each committee/council/program continues to meet separately to address tasks specific to individual programs.
- At Center FOCUS meetings, we hope to strengthen our roles as advocates, supporting the voice of community members, and working to develop programs to meet the various needs of our community.
